

It is with joy and gratitude that we announce that we have received the decree from the Holy See in Rome, authorizing the fusion of the Congregation of the Sisters of the Presentation in Newfoundland with the Union of Sisters of the Presentation, effective November 1, 2014.

After a long period of prayer, reflection and dialogue, we are now members of a larger global entity of Presentation Sisters, the Union of Sisters of the Presentation, which is an international group having its Generalate Leadership Team based in Ireland. The presence of the Union Sisters can be found on six continents and in twelve countries around the world - USA, England, Slovakia, India, Pakistan, Ireland, Zambia/Zimbabwe, Thailand, Philippines, New Zealand, and in Latin America ... our NL fusion will bring that total to fifteen countries since the NL Sisters minister in the countries of Canada, Dominica and Antigua.

The decree from Rome was signed on All Saints' Day, November 1, 2014. This is indeed fitting as we recall all those who have gone before us, saying 'yes' to the greater community of life, and whose spirit has been carrying us to this new moment.

It is indeed a new moment in the life of the Presentation Sisters in Newfoundland and within the Union. We will seek to integrate the wisdom of our past with the new and trust that the spiralling energies of God will continue to urge us to embrace all that will unfold as we grow in our oneness and continue to live the vision of our foundress, Nano Nagle.
